IH2500B-A-WM
(Wall-mounted)

Add convenience and enjoyment to your guests' stay with the IH2500B Infotainment Connectivity Panel.

Our *Infotainment* Connectivity Panel series provides visitors and guests the easiest way to connect their personal portable media devices and personal computers to the in-room TV, Internet and Multimedia facilities. The connectivity panel will compliment, enhance and protect your investment in expensive integrated in-room audio visual (AV) technology. Installed into the wall or furniture (WM models) or placed on the desktop (DT models), the Infotainment Connectivity Panel is the ideal multi-featured connectivity solution for both hoteliers and guests.
